The diagram illustrates a dependency or data flow. On the left, two white rectangular boxes represent controller methods: 'EagleEye.Controllers.ParkingLotController.Create' (top) and 'EagleEye.Controllers.ParkingLotController.Update' (bottom). On the right, a gray rectangular box represents a repository method: 'EagleEye.Models.Repository.Get'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both controller methods utilize the repository's 'Get' method.
